TO WHOM IT MAY CONCERN:

NOTICE OF FINAL PERMIT DECISION FOR TECHNICHEM, INCORPORATED;
EPA I.D. NO. CAD 981 375 983, EMERYVILLE, ALAMEDA COUNTY.

The Department of Toxic Substances Control (DTSC) has made a final permit decision to issue a Standardized Hazardous Waste Facility Permit to Technichem, Incorporated, (Technichem), EPA I.D. No. CAD 981 375 983. The facility is located at 4245 Halleck Street, Emeryville, California in Alameda County.

The Standardized Hazardous Waste Facility Permit specifically allows Technichem to transfer, store, and treat dry-cleaning solvent-containing hazardous wastes. A forty-five (45) day public comment and review period was held from July 24, 2000 through September 7, 2000. A written notice announcing the public comment period for the proposed Standardized Permit was placed into the Oakland Tribune on July 21, 2000. DTSC did receive comments requesting changes to the proposed Standardized Permit and comments on the associated California Environmental Quality Act (CEQA) documents. A public hearing was held in Emeryville, on August 24, 2000, for the proposed Standardized Permit.

DTSC has made changes to the draft Standardized Permit based on its own internal review. A copy of DTSC-initiated and comment-initiated changes are included in the Administrative Record located at:

Department of Toxic Substances Control
Hazardous Waste Management Program
1001 I Street, 11th Floor
Sacramento, California 95812-0806

Because there are changes to the draft Standardized Permit, there is a thirty (30) day administrative appeal period, pursuant to Title 22, California Code of Regulations, section 66271.18. The petition deadline and procedures are referenced in the enclosed Notice of Final Permit Decision. If you have any questions about this decision, please contact Mr. Edward Nieto, P.E., at (916) 322-7893.

NOTICE OF FINAL PERMIT DECISION

**Technichem, Incorporated
4245 Halleck Street
Emeryville, California 94608
EPA I.D. No. CAD 981 375 983**

This permit action constitutes a final permit decision under Title 22, California Code of Regulations (Cal. Code Regs.), section 66271.14. The final permit decision becomes effective on July 9, 2001, and expires on July 9, 2011, unless the permit decision is appealed pursuant to Title 22, Cal. Code Regs., section 66271.18. Pursuant to Title 22, Cal. Code Regs., section 66271.18, any person who filed comments on the draft Standardized Permit or participated in the Public Hearing on the draft permit decision may petition the Department of Toxic Substances Control (DTSC) to review any condition of the final permit decision. Persons who did not file comments on the draft permit decision or did not participate in the Public Hearing on the draft permit decision may petition for administrative review only on those changes that were made from the draft to the final Standardized Permit. Petitions must include a statement of the reasons supporting the requested review, including a demonstration that any issues being raised were raised during the public comment period, including the public hearing, or address a change from the draft to final Standardized Permit. Petitions should also, as appropriate, show that the condition in question is based on: (1) a finding of fact or conclusion of law which is clearly erroneous; or (2) an exercise of discretion or an important policy consideration which DTSC should, in its discretion, review. Petitions for review must be postmarked no later than July 9, 2001, and must be sent to:

Mr. Watson Gin, Deputy Director
Hazardous Waste Management Program
Department of Toxic Substances Control
P.O. Box 806
Sacramento, California 95812-0806
